Subject: FOIA Request
Date: Wednesday, July 17, 2019 9:59:00 AM

Good Morning,

After carefully reviewing your request, we are not able to determine how you are associated with OSD/JS. As it stands, your request is not reasonably described. Before search can continue, we ask that you provide the names of the OSD/JS components you believe would have the information you are seeking. Please help us by shedding more light on the records you are seeking. Providing the name of the specific OSD/JS component that would have the requested records will aid search and speed up processing time. For communication records, we request that you provide specific "to" and "from" recipients, by name or job title, and subject of the communication. What does OGAs mean? If we have not heard from you by close of business August 26, 2019, we will believe that you are no longer interested and close the request.

Very Respectfully,

Kris Zadrovitz |FOIA Analyst
Freedom of Information Division
